

**Let it Grow Organik** was founded in 2010 with a plot of land, some pocket change, and a bit of know how. Our mission was, and still is to produce great tasting, healthy, organic produce with minimal impact on the environment. We are a non-certified organic farm that grows a multitude of produce, raises chickens, and creates delicious specialty items such as jellies, jams, and our own brand of hot sauce. Each year we improve our methods of production and strive to create the highest quality product for our customers. This is not our job, it is our passion and we want you to taste it!

Thank You for Your Interest Let's Have a Great Season,  
- *Josh and Alex*

**CSA (Community Supported Agriculture)** members pay for an entire season of produce up front. This early bulk payment allows us to plan for the season, purchase new seed, make equipment repairs, and more. CSA members share in the ups and downs of our seasons and play integral role in allowing our farm to develop. By purchasing a share you will be given access to our freshest highest quality produce, at a discounted price. We take care of our members because we appreciate their support.

# 2013 Let it Grow Organik CSA Sign-Up

Members will receive 16 shares of fresh organic produce over the course of 16 weeks.

Our CSA will begin the first week of June and will continue through the end of September. Shares may be picked up on either Tuesdays or Fridays at our farm, located at 2 West Main St. Chester, NJ. Delivered shares are available locally to Chester residents for an additional fee.

Along with the produce we are also offering an egg option, which will add 6 farm fresh eggs a week to your existing share. Our chickens are pasture raised, supplemented with organic/non-GMO feed, and are hormone free.

We are offering a discounted rate as a work share program, where the shareholder will help with tasks on the farm for around 15-20 hours throughout the CSA season. Tasks will be delegated by ability of individual and can be performed around a flexible schedule. Prior farm experience is most certainly not a prerequisite.

As this is our first CSA there are a limited number of shares and eligibility will be determined on a first come first serve basis.

*A few examples of what to expect in your share*

**Let it Grow Organik**  
**P.O. Box 127**  
**Chester, NJ 07930**

Checks should be made payable to Joshua Chaffee with  
"CSA Share" on the memo line.

**Agreement Terms:**

We all understand the various outside factors, which can affect crop shares such as: weather, pests, and disease especially when crops are grown naturally. By signing below you acknowledge the fact that your share may possibly be affected by these variables. You also assume responsibility for picking up your share on your allotted day unless you have made other arrangements. Leftover shares will be discarded if we are not given prior notification and will not be refunded. We will do our best to accommodate you if a situation arises where you cannot pick up your share, as long as we are notified in advance.
